**FOR IMMEDIATE RELEASE**

**“T-RackS® 3 Singles”**  
**Effects Processor Plug-in Series Now Shipping!**  
*T-RackS 3 award-winning mastering and mixing modules  
now available as single plug-ins*

**April 2009, Modena, Italy** – IK Multimedia is pleased to announce that the wait is over and users may now purchase and download “T-RackS 3 Singles”, individual processor plug-in modules from the award-winning T-RackS 3 Deluxe mastering and mixing suite. Each of the processor modules now operates also as a native VST, AU, or RTAS plug-in, for more convenient usage inside any popular DAW when mixing individual tracks.

Available plug-ins from the “T-RackS 3 Singles” series include:

- [Vintage Compressor 670](#)
- [Vintage Tube Program EQ EQP1-A](#)
- [Opto Compressor](#)
- [Linear Phase EQ](#)
- [Brickwall Limiter](#)
- [Classic EQ](#)
- [Classic Compressor](#)
- [Classic Limiter](#)
- [Classic Clipper](#)
- [Metering Suite](#) (Peak, Perceived Loudness, Phase, RMS meters, Spectrum analyzer)

All T-RackS 3 Single plug-ins may be integrated into the **T-RackS 3 Standard** Mastering & Mixing Suite as the musician’s needs expand, in addition to being used as plug-ins on individual tracks. For example, a user who owns the T-RackS 3 Standard may now purchase the Vintage Compressor 670 module and use it on individual tracks, plus integrate it into one of the 12 slots in the series/parallel chain for more sophisticated routing and parameter recall.

**Additionally, ALL current owners of T-RackS 3 Deluxe or Standard suites also have access to the individual modules (included in the package they purchased) as a FREE download from their IK [user area](#).** Users will need to log into their user area, go to the Downloads section, and select T-RackS version 3.1. The new version will also provide additional memory and CPU usage optimizations along with enhanced Pro Tools 8/Multicore MAC support.

The individual effects processor plug-ins are also included in every **new purchase** of T-RackS 3 Deluxe or Standard. Now, all T-RackS 3 customers have access to not only the superior mastering & mixing suite, but an additional arsenal of up to 10 dedicated mixing plug-ins for their individual tracks.
